

Dear Friend,

The Christmas season is an opportunity to support the world's most vulnerable communities by offering the only gift that lasts a lifetime: education.

In Tanzania, too many girls are forced to leave school too early; many drop out after elementary school. Some become mothers before they're even grown up. For them, growing up truly means giving up. Giving up on an education, a job, and a different future.

We at [CSJ Missions](http://www.csjmissioni.it), together with the Sisters of St. Joseph of Chambery, stand alongside the girls of the Songea district, in the south of the country. We offer scholarships to those with talent and a desire to grow, but without financial means.

A girl who studies today is a woman who will build the future of her community tomorrow!

A company's gesture of solidarity in supporting the 2025 Christmas Campaign, can have a significant impact on this future; it expresses awareness of the principles of inclusion and sustainable development and contributes to strengthening social responsibility.

This year too, the elegant ethnic fabric packaging has been created by migrant women from the NewHope Cooperative in Caserta.

A concrete gesture that unites two stories of redemption: in Tanzania, where girls dream of school, and in Italy, where other women have found the strength to start over.

The Panettone (classic, low 1 kg) is produced by Flamigni, a guarantee of artisanal quality and natural ingredients.

To reserve a solidarity panettone, please write to info@csjmissioni.it or call 338.8764285. Contributions and donations to CSJ Missioni are tax deductible.

Thanking you in advance for your interest in this initiative, we remain available for any further details and wish you every success.

Rome, September 22, 2025

The president
Clementina Copia
