

A SLICE OF THE FUTURE

The CSJ Missioni panettone of solidarity
for the girls of Songea, Tanzania

PANETTONE *of*
SOLIDARITY

In Tanzania, fewer than half of women can read and write. Since 2011, we've been helping the brightest girls in the Songea district enter secondary school, when their families can't afford it. Through scholarships, we provide food, shelter, healthcare, clothing, and supplementary courses to those who have talent but lack the means to continue.

The panettone is signed **Flamigni**, in ethnic packaging hand-sewn by the women of the **NewHope Cooperative**: two stories of redemption, one single gesture.

Reserve your panettone of solidarity.
